As a web developer, I excel in managing multiple projects and thrive under pressure. Collaborative by nature, I leverage online resources, including AI, for efficient problem-solving. My commitment to adaptability and continuous improvement positions me as a valuable asset. From troubleshooting to implementing innovative features, I bring swift solutions to web development challenges, staying updated with industry trends for optimal project outcomes.

📁 Work Experience

The Water Agency

2023 Jun - Present

Wordpress Developer (Part-time)

- Meeting with clients to discuss website design and function. Designing and building the website front-end. Creating the website architecture. Designing and managing the website back-end including database and server integration.

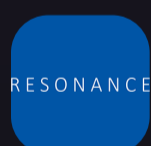

eduCLaaS

2022 Sep - 2023 May

- Determine and define project scope and objectives Predict resources needed to reach objectives and manage resources in an effective and efficient manner Prepare a budget based on the scope of work and resource requirements Develop and manage a detailed project schedule and work plan

(BOSS)

2015 - 2017

Business Outsource Solutions Service

Customer Service Representative

- Determine and define project scope and objectives Predict resources needed to reach objectives and manage resources in an effective and efficient manner Prepare a budget based on the scope of work and resource requirements Develop and manage a detailed project schedule and work plan

Education

West Yangon University

2014 - 2018

B.Sc (Physics)

I earned a B.Sc in Physics at West Yangon University, refining analytical and problem-solving skills crucial for my career. Exploring complex theories enhanced critical thinking, and delving into related subjects broadened my interdisciplinary knowledge.

Lithan Collage (eduCLaaS)

2017- 2022

Pearson BTEC HND Level 3 Diploma in Computing

Completing a Pearson BTEC HND Level 3 Diploma in Computing at Lithan College was pivotal in honing my technical skills. The hands-on program provided real-world project experiences, enhancing my problem-solving abilities and practical understanding of industry applications.

Technical Skills

- Web Hosting
- Game Development
- Linux/Unix Operation System
- Database Management
- Mobile Application
- CMS WordPress
- Next Js 14
- React
- Tailwind CSS
- Bootstrap 4 | 5
- Flutter
